Subject: FIFRA Glyphosate preemption questions

Hi Erin,

You mentioned that EPA is meeting with Monsanto next week to talk about a FIFRA glyphosate preemption issue. As you know, they met with DOJ a couple of weeks ago. They didn't send DOJ a lot of information before the meeting, so I thought I would send you a short summary of their issue, as I understand it.

I'm happy to talk through any of these issues prior to your meeting, if that would be helpful.

Thanks,
